DESCRIZIONE TECNICA - TECHNICAL SPECIFICATIONS

TOTALE VERSATILITÀ PROGETTUALE

Il sistema Libera permette di progettare nuovi spazi... cabina armadio, spogliatoio, spazi angolari, vani ripostiglio, nicchie, vani ingresso, camerette, librerie, zone office, ecc.

4 ALTEZZE, 4 LARGHEZZE

Altezze 235 - 260 - 275 - 295, altre altezze al taglio.
Larghezze 48 - 63,8 - 79,8 - 95,3, altre larghezze al taglio.
Misure appositamente studiate per consentire abbinamenti progettuali con armadi Metros.

TOTAL DESIGN VERSATILITY

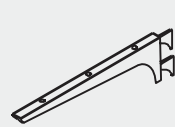

The Libera system enables to design new spaces... walk-in closet, dressing room, corner spaces, storage rooms, niches, entrance halls, small rooms, bookshelves, office areas, etc.

4 HEIGHTS, 4 WIDTHS

Heights 235 – 260 – 275 – 295, other heights for custom-cutting. Widths 48 – 63.8 – 79.8 – 95.3, other widths for custom-cutting. These sizes were especially designed to enable design combinations with Metros wardrobes.

LIBERA - progetto cabina armadio - walk-in closet project

Pannellatura con reggimensola tipo A
Panelling with shelf support type A

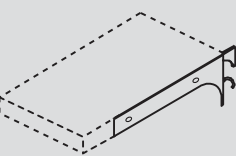

A
Sostegni per mensole in lamiera piegata montati sotto la mensola.

Supports for shelves in metal bended mounted below the shelf.

Pannellatura con reggimensola GHOST
Panelling shelf support GHOST

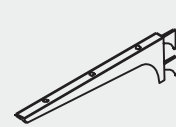

GHOST
Sostegni per mensole montati a scomparsa nello spessore del ripiano.

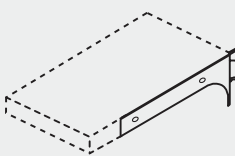

Supports for shelves mounted slide-away in the thickness of the shelf.

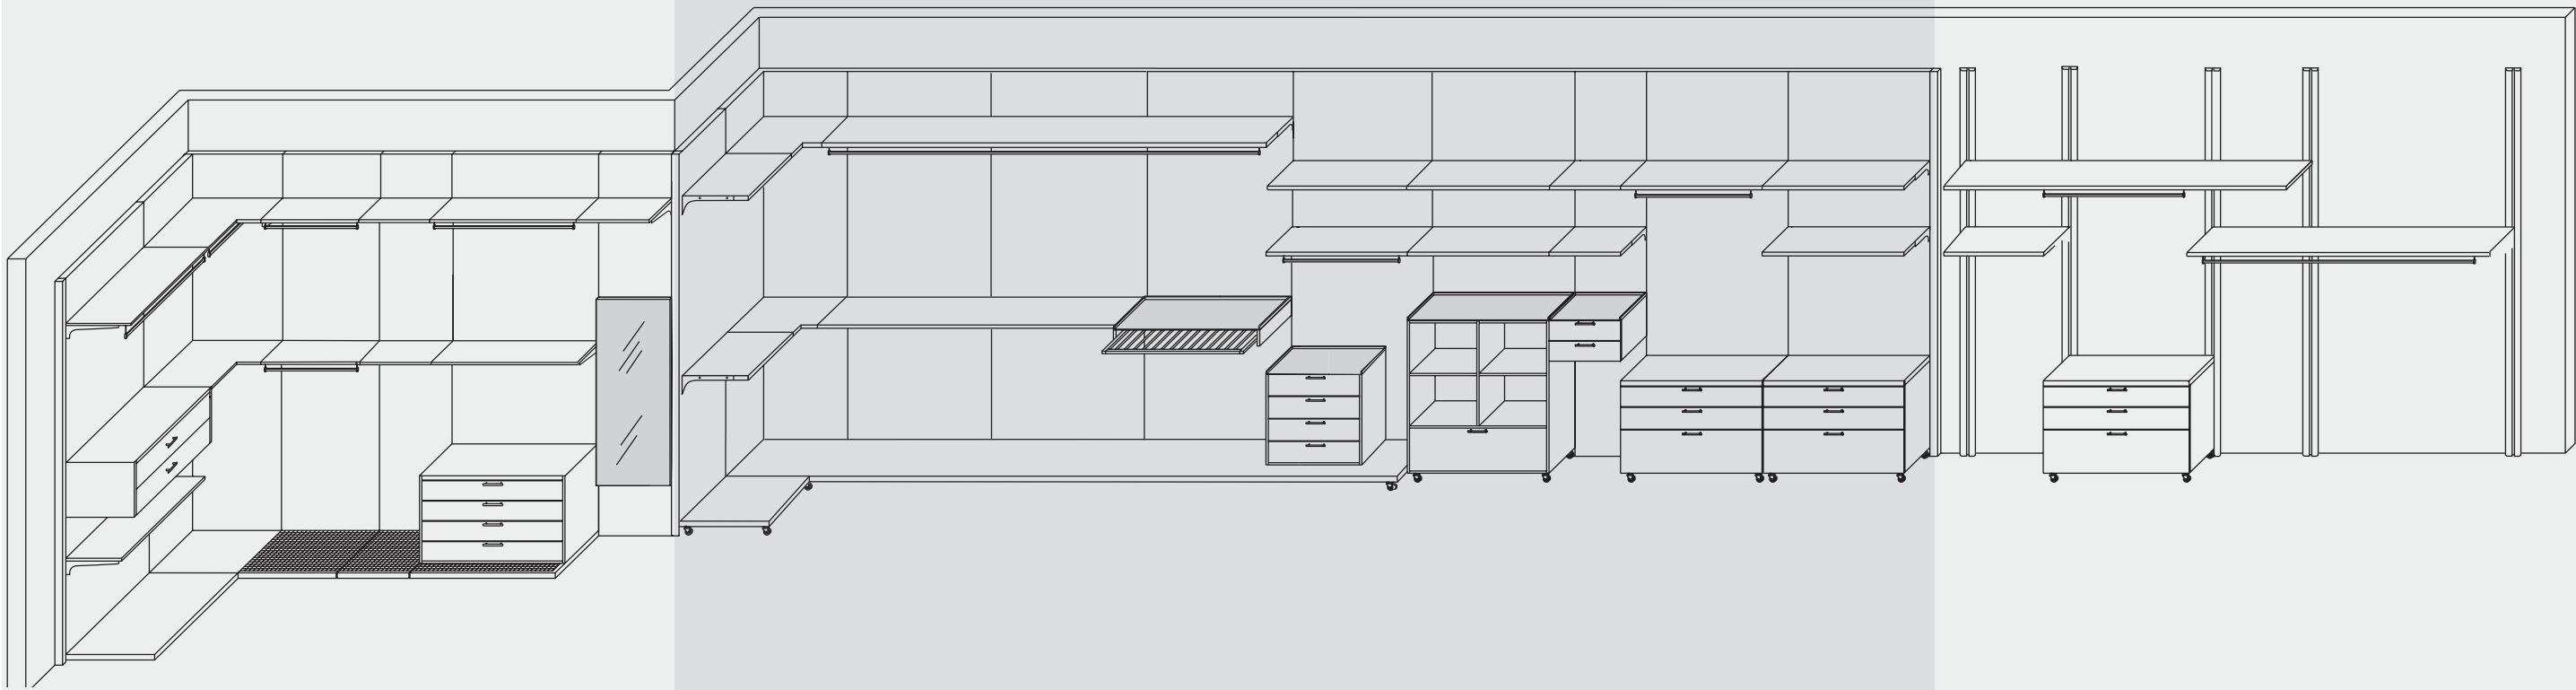

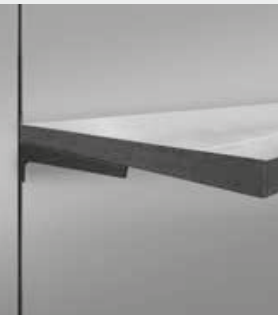

Montanti indipendenti compatibili con 2 tipi di sostegno
Independent uprights compatible with 2 types support
